ESSAY

In addition to the recommendation letters from teacher(s) and community leaders, please attach the following essay:

"How Community Service Has Influenced My Development"

Based on the activities listed above, please choose that activity that has most influenced your development and describe in an essay format. This essay should include accurate statements regarding the extent of your community service experience, demonstrate outstanding community service accomplishment, and describe personal transformation. In describing the activity, please define the task or situation involved, describe the actions that you implemented as part of the service and the result of such activity both to the community and to you personally. Please attach a typed or computer generated copy of your essay to the application.
